

8-32-16 Starter Fertilizer

Premium Starter Formulation

- Specially formulated to help the fast establishment of healthy new turf from seed and sod.
- A high phosphorous analysis derived from monoammonium phosphate, which aids in new root development.
- Enhanced level of potash helps improve turf stress tolerance.
- A dust free formulation that will not burn turf when used as recommended.
- Specified on the OPSS 572 specification.

GENERAL INFORMATION

Net Weight: 25 kg (55 lb. bags)

GUARANTEED MINIMUM ANALYSIS

Total Nitrogen (N).....	8.0%
Available Phosphoric Acid (P ₂ O ₅).....	32.0%
Soluble Potash (K ₂ O).....	16.0%

NUTRIENT SOURCES

- Urea
- Monoammonium
- Muriate of Potash
